This report is for informational purposes only and should not be used to diagnose, treat or prevent any disease. Results are only for samples and batches indicated. Results are reported on an observed basis unless indicated otherwise. When a Pass/Fail status is reported, that status is based on the test being performed in accordance with the relevant state regulations which may be required for the customer to be in compliance. The measurement uncertainty is not included in the Pass/Fail evaluation unless explicitly required by federal, state or local laws and has been reported on the certificate of analysis. Measurement or uncertainty is available upon request.
